CCSD
CLARK COUNTY
SCHOOL DISTRICT

Health Services
Vision, Hearing, Height, and Weight Screenings Informational Notice

Initial Date of School Screenings: 11/12/2026 & 11/13/2026

School Name: Billy & Rosemary Vassiliadis ES

Dear Parent/Guardian:

In accordance with Nevada State Law, vision and hearing screenings are performed each school year for students in Kindergarten, Grade 4, Grade 7, and Grade 10. Students who are new to the District or have never been screened may also be screened during mass screenings, including pre-K students.

Vision and hearing screenings performed by school nurses and Health Services staff do not replace your child's need for regular health care and check-ups with primary health care providers.

If you **do not** choose for your child to have vision and hearing screenings conducted at school this year, please notify your School Nurse in writing and return the notification to the health office. My email is wilcojr@nv.ccsd.net.

Sincerely,

Janelle Wilcox RN
School Nurse
